Rule objective

The objective of amendment 3 to Part 101 is to revoke references to Rule Part 11 which has been revoked to ensure consistency with the Civil Aviation Act regarding the Minister's functions to make ordinary rules and the Director's functions to grant exemptions.

Extent of consultation

A Notice of Proposed Rulemaking, NPRM 07/01, containing the proposed revocation of Part 11 and other consequential rule amendments was issued for public consultation under Docket 6/CAR/1 on 28 September 2006.

The publication of NPRM 07/01 was notified in the Gazette and advertised in the daily newspapers in the five main provincial centres on 28 September 2006. The NPRM was published on the CAA web site and mailed to identified stakeholders including representative organisations who were considered likely to have an interest in the proposal.

A period of 29 days was allowed for comment on the proposed rule.

Summary of submissions

Two written submissions were received on the NPRM. These submissions and comments have been considered and as a result no change was made to the proposed rule.

The rule was then referred to Parliament's Regulations Review Committee before being signed by the Minister for Transport Safety.

Examination of submissions

Submissions may be examined by application to the Docket Clerk at the Civil Aviation Authority between 8:30 am and 4:30 pm on weekdays, except statutory holidays.

Insertion of Amendments

The amendments to the rules in this Part are reflected by revocation of an existing rule.
